

KANSAS NEWS.

The Largest Cherry Orchard in Kansas at Wichita.

Thirty-one Acres Nearly All Planted Out.

TREES QUICK TO BEAR.

Have Fair Amount of Fruit After Second Year.

Not Damaged So Easily by Early Frosts.

Wichita, July 31.—This city can boast of having the largest cherry orchard, or the largest orchard containing any kind of fruit in the state and so far as is known in the west.

C. X. and John Daugherty are the owners and the orchard comprises 31 acres of ground situated on the West side, two miles from the main part of the city. The ground adjacent to that occupied by the Mt. Carmel academy and was purchased by the Messrs. Daugherty at a cost of \$150 an acre.

Work on the orchard was commenced last fall at which time C. X. Daugherty completed the purchase of several acres of ground to make out the 31 acres desired. At that time 300 small cherry trees and 350 peach trees were set out. This spring some 200 more cherry trees were planted, making a total of about 1,500 trees that have already been set out. In the spring Mr. Daugherty will plant about 3,000 more cherry trees, making an orchard of 3,500 trees, so far as is known the largest of its kind outside of California.

When asked why he had decided on planting so many cherry trees, C. X. Daugherty said:

"In the first place there is a greater demand for that kind of fruit than any other. There has always been a greater demand for cherries locally alone than could be supplied. Besides, there has never been a year that there were any cherries shipped from this part of the country to other cities. The demand from Wichita alone has always been sufficient to consume the offerings of cherries where many more could readily be disposed of it offered. Another reason is that cherry trees are easily cared for in this climate and do not become damaged so readily as most other fruit trees. In two years after first planted, a cherry tree will yield fruit in large quantities, where if a peach tree is planted it takes all the way from three to five years before a profitable crop is yielded. Apple trees require at least five years for maturing and both varieties of fruit are apt to become damaged almost any year by unfavorable weather conditions."

Mr. Daugherty figures that with great care each of his trees will yield yearly all the way from one to three bushels of cherries.

As one bushel will make two ordinary crates of the fruit, it can readily be seen what a large amount of fruit the 3,500 trees will yield every year.

Mr. Daugherty has studied up on the proposition of fruit raising in the Arkansas valley and after investigating the question thoroughly makes some remarkable statements. He says:

"I believe that inside of ten years the Arkansas river valley will be the greatest fruit raising section of the country. People who have heretofore been planting fruit and grain on these lands are just commencing to realize the fact that fruit could be raised at a profit ten times at least, greater than grain. The ground is simply perfect for fruit raising. On my place water in the city water can be struck at a distance of four and one-half feet below the surface on any part. The soil is of a sandy mixture particularly adapted to the raising of all kinds of fruit."

Mr. Daugherty's land is one and one-half miles from the river, but at no time since he has owned it has it been impossible to be so near the river as mentioned. He avers that as fruit trees always grow roots which extend in the ground to a distance of four or five feet, sufficient moisture is always at hand to supply the necessary amount of nourishment to the growing trees. It is not necessary at any time Mr. Daugherty says to water these trees.

OLD SETTLERS' DAY.

Ed Hoch, of Marion, to Be at Hutchinson on That Occasion.

Hutchinson, July 31.—The old settlers are preparing for a good time on their reunion day, August 7. Ed Hoch, of Marion, is invited to speak here and will probably accept the invitation. Mr. Hoch is the editor of the Marion Record and is well known through this part of the state, having been here many times and being an old settler of this portion of the country himself.

The Inman Juvenile band will be here to make the music. They were engaged to come here on Decoration day but the flood kept them away at that date and were then changed to Old Settlers' day instead.

There will be a basket dinner at the park at noon and a good old time for everyone. It is possible that there will be a dance in the evening at the auditorium.

The Mistake of Mrs. Hoffman.

Yesterday was temperance day and taking it all in all was well filled with good programs. The principal lecture of the day was that given by Mrs. Clara Hoffman, the national recording secretary of the W. C. T. U. The statements made were very interesting and gratifying to all who heard her. She told of the many laws made in the various states which were distinctly along the lines of reform. She gave an account of the abolition of the sale of liquor in the state of Michigan and of ports of immigration. Her exposition of the advances made in police departments of our great cities for the good of public morals and public decency gave great credit to the untiring efforts of the W. C. T. U. in the United States. All this was very interesting, and it is hoped that many more will be converted by Mrs. Hoffman's action with reference to the anti-temperance law.

Salina, Kas., July 31.—Solomon Smith, aged 66 years, one of the oldest and most interesting characters in Salina county, dropped dead today at his home. "Uncle Sol" often walked to a distance of ten miles, despite his advanced years.

Coffeyville Grants Franchise. Coffeyville, Kan., July 31.—The city council has granted to A. A. Anderson of Indianapolis a 50 year franchise for an incandescent electric railway connecting this city with Independence and Cherryvale of this county. Work is to begin within 30 days after the acceptance of the franchise by Mr. Anderson. Independence already has granted the franchise and Cher-

the anti-temperance law, when Mrs. Hoffman said that as a party to this act of anarchy President McKinley was the first to fall at the hand of an anarchist. When Mrs. Hoffman said that she made a sad, sad mistake; she did more injury to the cause of temperance than her co-workers can do good in a year. When she made her attack upon the late president yesterday, she met the heartiest disapproval, manifesting itself in cries of No! No! No! and a general call of people from the building—Beloit Call.

HAVE BETTER DAYS.

Sheridan County Farmers Jubilant Over 1903 Crops.

Hoxie, July 31.—The Sheridan county assessors returned \$1,042,000 worth of wheat, rye, oats and barley. The stand is good and well headed. While many fields will likely yield between 25 and 30 bushels, the average yield is generally admitted an average yield per acre will be 15 bushels. This will give us 1,215,645 bushels. Then we have 9,913 acres of alfalfa, 7,908 acres of corn, 3,784 acres of excellent alfalfa, the second crop now being harvested for this year, the three products valued at \$100,000. We have 37,499 acres of corn, many fields now in tassel, with a good rain Tuesday night which makes the corn prospects very flattering, but will not venture to make a guess on its value, at this uncertain period. Then we have our prairie hay crop, which can easily give us 20,000 tons valued at \$80,000 with 40,000 cattle and 20,000 horses to consume it. \$312,500 a dairy product which last year brought us \$31,513, this year will exceed it.

Eggs and poultry valuation last year \$22,812, garden \$1,271 with scarcely any potatoes raised while this year we have a fair crop, giving us a wealth produced this year at a conservative estimate at \$22,847, not figuring in our corn, or over \$27 for every man, woman and child in the county. What's the matter with Sheridan county?

CAWKER CITY CHAUTAUQUA.

Scores of Families Tenting on the Camp Grounds.

Cawker City, Kan., July 31.—The office of the Cawker City Chautauqua, which is the culture of America has been ordered by that town would be surprised could they look into Lincoln park this morning and see the two hundred tents and the families of the land have assembled to listen to Senators Tillman, Burton and Long, Capt. Richmond P. Hobson, Rev. John DeWitt Miller, and many others equally good.

The original Quaker male quartet that made such a hit last year are with us again, along with a number of soloists and entertainers.

Mrs. Noble Prentiss has charge of the woman's council, Mrs. A. G. Linerick of the Winfield assembly, and the Rev. C. H. Doughty of the Ottawa assembly leads the class in Bible study, and Rev. Charles Gray Miller will make the boys' club one of the leading departments.

The most influential families from twenty towns in northern Kansas are tenting on the grounds and attending the fair each day from August 1 to 11 will be brim full of good things that no one can afford to miss.

Old Settlers at Columbus.

Columbus, July 31.—The old settlers' reunion to be held here August 4, 5, 6 and 7 promises to be one of the greatest of the annual affairs ever held. The first day will be under the auspices of the G. A. R., when State Commander A. Smith, Major W. B. Harvey and Captain Watson will address the soldiers. The Anti-Horsethief association will have charge of the second day, when the usual race capturing and lynching of a horsethief will take place. John W. Wall, state president, M. J. H. Warner and George Coffman will address the assembly on the third day, when Governor W. J. Bailey will address the assembly and the Modern Women of America will have charge of the last day.

A Big Land Deal.

One of the largest land sales made in Allen county was completed yesterday when Mr. Hanson living four miles southwest of Iowa, sold a quarter section of land for \$125 per acre. Two years ago he had bought the same land for \$100 an acre and after the purchase, insisted that he had been "skinned." But the sale yesterday would indicate that he thought he was.

Compromising the Claims.

Hutchinson, Kas., July 31.—The Missouri Pacific road has already compromised a good portion of the claims against that road for damages resulting from the crossing accident with the Santa Fe on Sunday. The claimants are permitted to divide the amounts they have received. Cornington of Springfield, Mo., is improving rapidly. It is said that he is in a hospital, where an arm was amputated.

Washington, July 31.—General Israel W. Stone, of Lawrence, Kan., ex-commander of the department of the Potomac, Grand Army of the Republic of the District of Columbia, had an exciting experience yesterday at the temporary home for ex-Union soldiers in this city.

General Stone is secretary of the board controlling the home, and had called there to look over the books. Found sitting at the superintendent's desk endeavoring to open the drawers, he was forcibly ejected from the building by the janitor and his assistants. The result was that both employees have been discharged.

SPORTING NEWS.

Out in Frisco Californians Are Backing Brit.

Make the Coast Man Favorite Over Jack O'Keefe.

BETTING CAUTIOUSLY.

Chicago Sports Are Sure Their Man Will Win.

Each Side Waiting for the Other to Move.

San Francisco, Cal., July 31.—Supporters of Jimmy Britt and Jack O'Keefe, who will meet for the third time at Mechanics' pavilion tonight, are calmly awaiting a move from each other in the matter of betting. Harry Corbett, who is known as a forerunner of the public pulse as to any, selects Britt as a 10 to 8 or even 10 to 7. A good line is thought to have been gained on the relative abilities of Britt and O'Keefe by the local enthusiasts through the boxing of each with Dave Barry. Britt had Dave for a punching bag while getting ready for Fitzgerald, and O'Keefe is using him in a like capacity at present. Barry thinks O'Keefe has the better chance because he is a surer hitter and the Chicagoan admits that he will recognize an admission that he will solve itself into a question of force behind the blows.

Chicago admirers generally think those odds are not right. Abe Pollock puts it this way: "O'Keefe ought to be a 1 to 2 shot on his last two fights with Britt. I think Britt has a look on a straight, square fight and an even break on the low punches and all that. Britt fights with his right hand up before his face, the glove over his forehead, and he almost depends on letting that left hand for the body. With that I don't like his body punch. He lets it go as if the elbow was nailed to his ribs and gets his body into the fight. There is also a change in action. They must be backing O'Keefe some if the price is going down."

Big Hart, former manager of O'Keefe, says: "I think the price is all wrong. I wish I was on the ground; I would like to get a little of that. To my way of thinking O'Keefe should be a 1 to 2 shot with Britt easy, even in Britt's town. O'Keefe has everything that Britt has not and is the class of the fight."

Cleveland, O., July 31.—Much to the disappointment of a large crowd there was too much wind for Lou Dillon to attempt to break his record of 2:03 1/2, and the trial was postponed. Handicappers were run much more boldly than on the previous day, and the day's racing witnessed the defeat of three favorites. In the first race, the 2 1/2 pace, Pauline, owned by J. W. Miller, was beaten by Miss Williams, in the free-for-all pace, Knox's Gelatin King, formerly Anacanda, was thought to have the edge, but Dan T. won both races.

The fourth race also went to an outsider, Dan T. being forced to finish second to The Roman, driven by Bud Douglas, who at last drove away with a great ovation. It was announced that John A. McKernon, 2:05 1/2, will start against his record at the Brighton beach meet. There is also a change in that Lou Dillon will go against time at the same meeting.

Oklahoma-Kansas Race Circuit.

Guthrie, Okla., July 31.—Eight towns of Oklahoma at present are arranged for a racing circuit to be held this summer, opening August 17 at Shawnee and closing October 5 at Hobart. Sixty thousand dollars worth of stakes and purses and some of the best horsemen in the country have turned their attention toward the new circuit. Dr. B. F. Hamilton of Shawnee, is secretary and is busy arranging for the events, and he says there is no reason to believe that the season will be an entirely successful one. The dates follow: Shawnee, week of August 17; Newark, week of August 24; Muskogee, week of September 7; Hutchinson, Kan., week of September 14; Kingfisher, week of September 21; Chickasha, I. T., week of September 28; Hobart, week of October 5.

Racing at St. Louis.

St. Louis, July 31.—Mildred L., at 12 to 1, won the Missouri stake, for 2-year-olds at six furlongs, by two lengths at Delmar park. Wreath of Ivy beat the favorite, Orient, for second place by a half length. Mildred L. got away four, fell to sixth place at the quarter and laid there till the stretch was reached, where she got her speed, passing the horses in front and outstriking them in the third race. Anke was winning easily 20 years from the wire, when E. Austin gave her a cut with the whip, which caused her to stop and kick. She finished second.

Racing at Chicago.

Chicago, July 31.—Proceeds, carrying 125 pounds, won the Competition stakes as he placed at Hawthorne. Elwood, at 49 to 1, was second, with Father Talbot, an added starter, third. The winner was a 9 to 10 favorite, backed from 6 to 8. English Lad and Fred Leppert were scratched. The stake was worth \$2,240 to the winner, Jockey Birkenruth, who was set down for questionable rides on Flying Torpedo, has been restored to good standing. Weather clear and cool. Track slow and sticky.

Racing at New York.

New York, July 31.—The Clarendon handicap for all ages, at six furlongs, was won by the favorite, Astoria, by half a length from Ilyria. King Pepper, after being almost left at the post, gradually made up his ground and drew third. Early in the race Anke broke down so badly in his hind legs that he was shot in the paddock immediately after the race.

On Chicago Golf Links.

Chicago, July 31.—Close matches were the order today in the golf tournament at Onwentsia for the Raynolds cup. With the completion of the fifth and semi-final rounds, Walter Eck of Exmoor, and Roswell F. Murdy of Riverside, are left to fight it out in the final.

Tennis Tournament at Kenwood.

Chicago, July 31.—Arthur Snow and Harry Waldner, both local men, will compete in the finals for the honor of challenging the western tennis champion, Kreigh Collins. Miss Carrie E. Neely of Chicago, will play Miss Wilona Closterman of Cincinnati, for the right to challenge the western champion, Miss Myrtle McAteer of Pittsburgh. This is the situation in the western tennis tournament at Kenwood as a result of Thursday's playing.

Davis Will Play With White Sox.

Chicago, July 31.—George Davis will don the White Sox suit, which he discarded at the end of last season, and the one which Comiskey has saved all year for him, and fulfill the contract which he has tried to break. This was the positive announcement made today by men high in the counsels of John T. Brush and Charles Comiskey.

Race Was a Farce.

Albany, N. Y., July 31.—The much-advertised trotting race between Major Delmar and The Abbot at Island park for a purse of \$2,500 was in all respects disappointing. It was a slow race and the result was a foregone conclusion, Major Delmar winning in two straight heats. Time, 2:15 1/4, 2:14 1/4. There was very little money on The Abbot, odds being sold at \$25 to \$5.

Crescents to Go in Training.

Toledo, O., July 31.—George H. Ketcham, owner of Crescents 2 and 3, the world's champion trotter, will send his horse to Cleveland Saturday to go into training, preparatory to an exhibition tour which will end October 15 at Omaha, Neb. After that Mr. Ketcham may take his horse to Honolulu.

There was very little money on The Abbot, odds being sold at \$25 to \$5.
